CLASSIA BTICINO

Module for connected power outlet. Classia with Netatmo

REF. BT-RG4531C | EAN KODA. 8005543651568

> [The product details page](#)

Značilnosti izdelka:

- LED indicator with locator function which can be activated in the app
- Compatible with any electrical appliance or large household appliance
- Measures instantaneous and total electricity consumption
- Protects against overloads (16 A maximum)
- Black

Priporočila / omejitve

- To add a power outlet to your connected installation, you first need to purchase and install a Classia with Netatmo connected starter pack. To control your power outlet, you need to pair one or more Classia with Netatmo wireless switches with it

Prednosti montaže:

- The Classia with Netatmo power outlet module is easily installed in place of an existing standard power outlet and needs a standard-depth flush-mounting box.

Prednosti uporabe:

- Voice control of your lights and electrical appliances via a voice assistant
