REF. 033792 | EAN KODA. 3414970870827

This 19 inch angled patch panel has a new generation quick-fix mechanism for automatic screwless mounting on the cabinets uprights.

> [The product details page](#)

Splošni opis:

This 19 inch angled patch panel has a new generation quick-fix mechanism for automatic screwless mounting on the cabinets uprights.

Značilnosti izdelka:

- Equipped with rear cable guide to hold the cables during maintenance.
- 19" panel - 1 U.
- Supplied with coloured labels, white yellow, blue and red.

Priporočila / omejitve

- Compliant with ISO/IEC 11801 edition 3.0 (2017) and EIA/TIA 568 C2-1 standards

Prednosti montaže:

- Universal mounting on any cabinet or enclosure.

Prednosti uporabe:

- Patch panels with an angled design which allows the cable to run into each side of the rack, creating a correct cable radius of curvature. This avoids the need to manage the cables horizontally, and allows the patch cords to be carried directly in the vertical cavities.

Edinstvene značilnosti:

- Save time at both installation and in daily maintenance by taking advantage of the screwless mounting.
