NETATMO NETATMO

Smart indoor camera

REF. NA-NSC-PRO | EAN KODA. 3700730502719

> [The product details page](#)

Značilnosti izdelka:

- Smart Indoor Camera, Power adapter and Plug, Ethernet cable, USB Cable, MicroSD card
- Facial recognition
- 100% secure data with storage on an encrypted microSD card included
- Compatible with Apple Homekit and Google Assistant

Prednosti montaže:

- Plug & play : easy to install, set it up in only few minutes!

Prednosti uporabe:

- You can trust your Netatmo Indoor Camera to distinguish between strangers, family members, and harmless movement. Thanks to facial recognition our Indoor Camera detects an unfamiliar face, you immediately receive a smartphone notification with a photo and video of the intruder

Edinstvene značilnosti:

- Smart notifications : Familiar or unfamiliar face? Harmless movement? Your Indoor Camera uses facial recognition to detect intruders and sends you detailed notifications
- Stranger, family member, or pet? Don't be disturbed for a false alarm - only receive notifications that matter to you.
- Video storage and all Outdoor Camera features and upgrades are permanently available without subscription
