The waterproof Plexo complete surface anthracite electric vehicle socket allows to safely recharge electric and hybrid vehicles supplied in modes 1 and 3, on a daily basis.

> [The product details page](#)

Splošni opis:

The waterproof Plexo complete surface anthracite electric vehicle socket allows to safely recharge electric and hybrid vehicles supplied in modes 1 and 3, on a daily basis.

Značilnosti izdelka:

- Complete product, ready for surface installation.
- IP55: protected against dust and water spray from all directions)
- IK08: 5 joules shock resistance.
- 2P+E 16A 230V socket outlet equipped with Green'Up System, a Legrand technology.
- Optimised terminal blocks, metal contacts with silver surface treatment.

Prednosti montaže:

- The thin, highly rigid mounting plate is easy to fix to the wall, and gives great freedom of movement for wiring. The flexible lip on the back of the plate adapts to the shape of the wall.

Edinstvene značilnosti:

- Green'up System patent: The EV recognises the Green'up Access secure infrastructure and selects the maximum power that can be delivered by the socket (reducing charging time).
